

Illinois USBC Youth PEPSI Tournaments

DATE: July, 2019
TO: Bowling Center Proprietors or Managers
FROM: Steve Lawson, IL USBC Youth PEPSI Director
SUBJECT: 2020 and 2021 Tournament Bids

Dear Proprietor or Manager,

We are now in the process of accepting bids for the **2020 and 2021** Illinois USBC Pepsi Zone and State Championship Tournaments.

Key information about the tournaments:

- We run 2 tournaments in each of our 8 zones January through early March (depending on lane availability). In January/early February we run the U8/U10/U12 divisions which average between 100 and 150 bowlers (U8/U10 bowling three games and U12 bowling 4 games). In late February/early March we run the U15/U17/U20 divisions which average around 150 and 225 bowlers per zone and they bowl four games. A current listing of centers and zones is included. It is also possible that we would consider using two different centers in a zone depending on lane availability of centers bidding.
- The State Tournaments will be held the first two weekends of May. National has mandated that we are done by May 15 so we may consider using the last weekend in April if that provides better options. Because of the addition of U17 division, that requires us to have more lanes. For the 2020 State Tournament, we will need 50 lanes. Due to this we may abandon our 'north one year south the next' in order to service our bowlers the best.
- With the upcoming change in age divisions (from USBC), starting back again in 2021 we will be able to run the state tournament in 40 lane centers.
- If you are bidding the state tournament, please also include hotels or other information necessary to secure hotels (i.e. will your CVB be involved) as securing hotels is very important as well as obtaining comp rooms for the tournament staff (very important). Any 'comp' rooms that are available would help in the bid and save us money that we can put towards scholarships.
- One of the key items looked at on the bid is the lineage fee. Another is location. We do try to move the tournaments around but also have to consider the average driving distance for the majority of the bowlers. Keep in mind that bowlers love to eat and anything you may 'lose' in lineage fees can be made up in the snack bar if properly staffed for the event. One other very important thing is the availability of volunteers. At best we will only have one or two persons available to 'run' the zone tournaments SO volunteers are needed (required) to help with t-shirt sales, raffles and as lane monitors.
- We will be asking centers to put out a more challenging condition than a 'house' shot. This will be both for zones or state tournaments. Please indicate your ability to do that on your submitted bid form.

Please be sure your bid is postmarked or electronically received by August 10, 2019!

Please feel free to contact me if you have any questions. Thank you in advance for your cooperation.
